We work and we play all together
We're proud of our school as can be
And we want you all to know
We love Gilmer High and we aim

It started sometime ago our friendship that is,
 With a few childish smiles and a few giggling kids.
 It didn't stop there, no it kept right on growing,
 Never slowing to notice how quick things were going.
 The fast years flew by, but *then* they seemed long,
 And our friendship so proud stood steadfast and strong.

Sure we fought lots and yelled, but now that seems small,
And we soon grew to realize that's part of it all.
We shared many good times filled with laughter and tears,
But you turn and they're gone in a matter of years.
So now we're all seniors, and it's really quite strange
To stop and to notice how our outlooks have changed.

Remember the parties where we stayed up all night,
 Or the silly prank phone calls we made with delight?
 Those things were important, though you may wonder how
 But you've got to remember, that was then this is now.
 Most all of our goals have been set for our lives,
 Some say on to college, some to be husbands or wives.

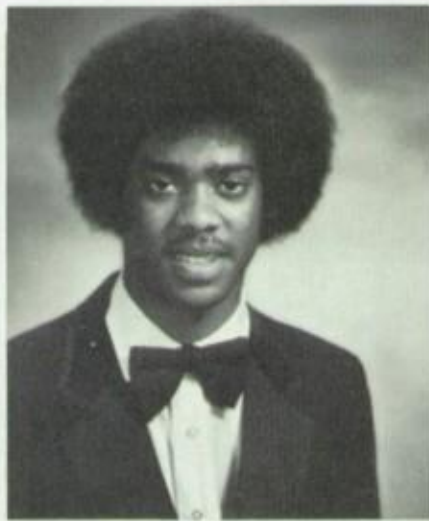

But as we mature and grow older with care,
We will always have our best memories to share.
So when our final year of togetherness ends,
Let us all make a promise to remember our friends.
To remember our moments, the good and the bad,
But to hold our heads high, and to never be sad.

Although it was a hard and trying season the "Mighty Buckeyes" never gave up. When the Buckeyes hit the field, there was total team effort through the entire game and until the final second. They proved to the other teams that they weren't a bunch of pushovers, and that when you said "Bucks," you had said it all.

Buckeyes jump at snap.
